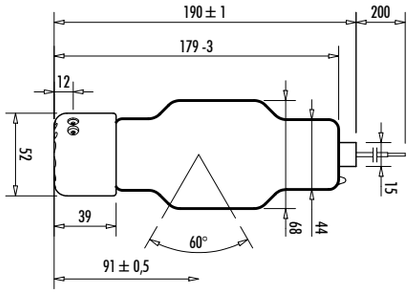
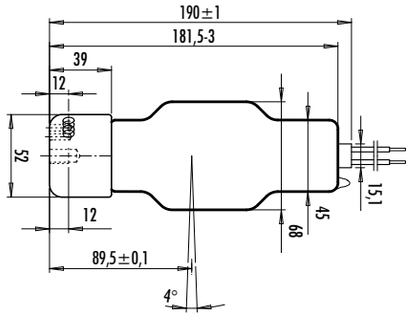
160/3 EP

160 kV, 80 degree beam angle tube with various focal spot configurations



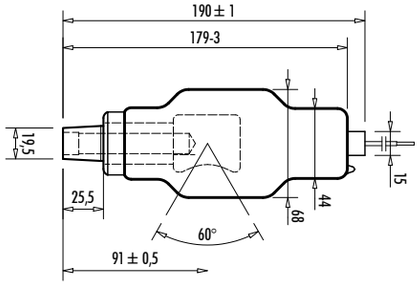
160/25 BS10

Sample of a special version with wide 110 degree scanner beam



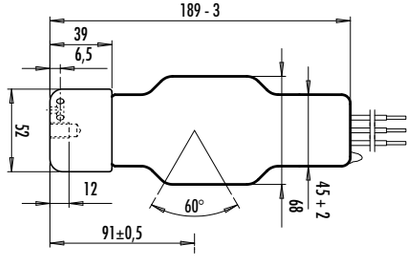
160/3 IC04

Special version 160 kV tube with oil injection cooler and 0.4 focal spot (customer version)



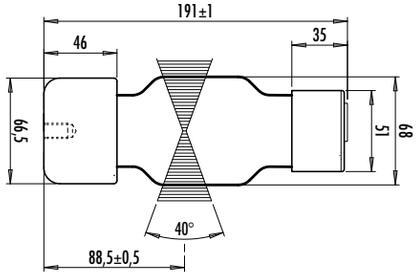
160/25 G

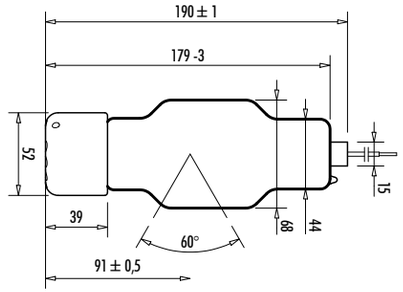
160 kV tube version with grid controlled cathode for high speed pulse operation



160/5 KREP

Panoramic (orthogonal) beam 160 kV tube family



160/25 HA


Large family of standard tubes with various focal spot configurations
